

buildings in the area, the State responsibility in the budget and the capitol budget and it seemed to me that we ought to consider having the option to do this and, of course, unless you do repeal the statute now existing irrespective of the Constitution, you can't do it. The bill, I'm sure, will have a hearing, probably go to the Judiciary Committee at 1:00 o'clock; not today but when it--five days is up. I will not delay the Legislature but it could be and might be something we wish we'd done and maybe we didn't have the knowledge or the opportunity to do it at the time that it's approved so I ask the bill be introduced for that purpose.

PRESIDENT: Senator Stahmer, do you wish to be heard on the motion?

SENATOR STAHMER: Mr. President, very briefly. I wish to support Senator Carpenter in this recommendation. I think he has hit on a key point with the revenue sharing monies that are available in the Capitol construction area and I think this would give flexibility in view of the recent constitutional amendment.

PRESIDENT: And Senator Stahmer, you asked unanimous consent to bypass your other motion, --was that correct?

SENATOR STAHMER: Yes, it's my understanding I have five legislative days, since we're not meeting Friday, I could then take it up Monday and in view of the fact we have these Federal people coming in, I think it would be best to postpone this until next Monday.

PRESIDENT: And remember, we're not meeting Friday.

SENATOR STAHMER: That's right so that gives me the fifth day next Monday.

PRESIDENT: All right. Just to dispose of Senator Stahmer's motion on this LB 48 to place it on general file notwithstanding the action of the committee, he is asking unanimous consent to withdraw that particular motion from before the body at this time, but that does not cancel the motion. He still has 5 days in which to take it up. Are there objections to him withdrawing that for action at this time? Hearing none, so ordered. All right. We're back now to the introduction of the bill. Does anybody else wish to be heard on the argument or the motion involving the introduction of the bill as outlined by Senator Carpenter. Are you all through discussing that? Senator Carpenter, do you have any closing? Question is, shall the bill be introduced? All those in favor vote aye. All those opposed vote no. Chair would remind the body that this does take 30 votes. Question is, shall the bill be introduced? Have you all voted? Clerk will record.

CLERK: 31 ayes, Mr. President on a motion to introduce.

PRESIDENT: Read the title. Bill will be in--

CLERK: Legislative Bill 547. Introduced by the Judiciary Committee. (read)

PRESIDENT: Do we have other bills for introduction?

CLERK: Mr. President, a Reference Committee report.

PRESIDENT: Read the report.

CLERK: Report read. Another new bill, Mr. President, L.B. 449A, introduced
